USEFUL HINTS

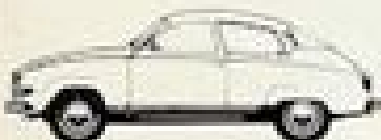

The accent stripe has been introduced in order to give you the possibility to make the appearance of your Saab unique and more personal. It is available in the colours white and black for the Saab V4 and in white, black, gold and silver for the Saab 99. Here are a few examples of how you can match accent stripe-body colour: black car-gold or silver stripes; light-blue car-black, white, golden or silver stripes; dark-blue car-silver, silver or golden stripes; red car-white stripes; white car-black stripes; light-brown car-white, black or golden stripes; dark-brown car-golden stripes; light-green car-black, golden or white stripes; dark-green car-white or golden stripes; silver-coloured car-black stripes; yellow car-black stripes.
